- **Agriculture is one of the 45 PRC regulated professions.**
- **Each profession has its own Professional Regulatory Law (PRL)**

AGRICULTURE IS THE LAST PROFESSION TO HAVE ITS OWN PROFESSIONAL REGULATORY LAW (PRL)

SIGNED INTO LAW: **MAY 29, 2025**
PUBLICATION IN THE OFFICIAL GAZETTE: **JUNE 2, 2025**
EFFECTIVITY: **JUNE 17, 2025**

Pres. Marcos Jr. signs RA 12215 known as 'Philippine Agriculturist Act' last 29th of May

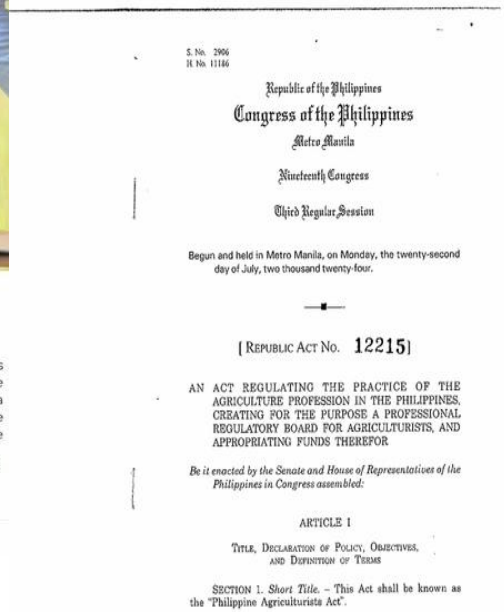

On June 2, 2025, President Ferdinand Marcos Jr. enacted the Philippine Agriculturists Act (Republic Act No. 12215), a significant legislative move aimed at bolstering the country's agricultural sector and ensuring food security. This new law introduces a comprehensive regulatory framework for agriculture professionals, emphasizing the enhancement of their competencies and the standardization of practices across the nation.

S. No. 2906
H. No. 11186

Republic of the Philippines
Congress of the Philippines
Metro Manila

Nineteenth Congress

Third Regular Session

Begun and held in Metro Manila, on Monday, the twenty-second day of July, two thousand twenty-four.

[REPUBLIC ACT NO. 12215]

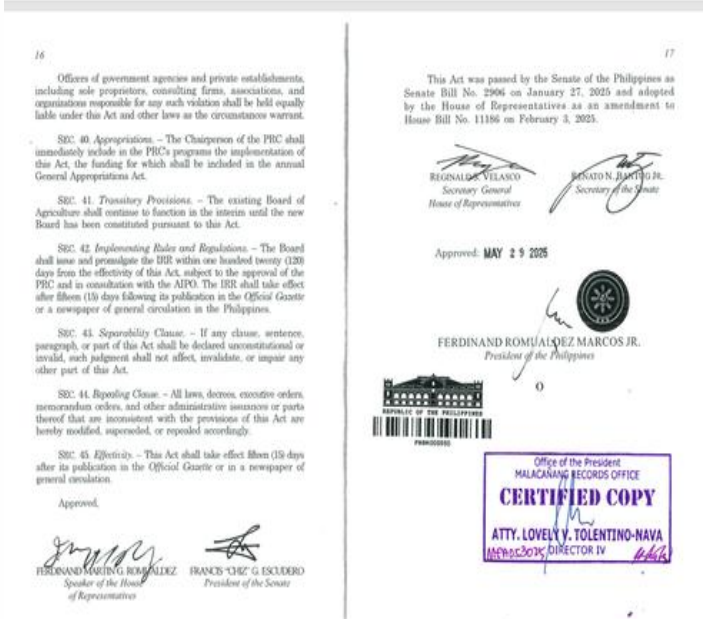

AN ACT REGULATING THE PRACTICE OF THE AGRICULTURE PROFESSION IN THE PHILIPPINES, CREATING FOR THE PURPOSE A PROFESSIONAL REGULATORY BOARD FOR AGRICULTURISTS, AND APPROPRIATING FUNDS THEREFOR

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

ARTICLE I

TITLE, DECLARATION OF POLICY, OBJECTIVES, AND DEFINITION OF TERMS

SECTION 1. *Short Title.* – This Act shall be known as the "Philippine Agriculturists Act".

16

Officers of government agencies and private establishments, including sole proprietors, consulting firms, associations, and organizations responsible for any such violation shall be held equally liable under this Act and other laws as the circumstances warrant.

SEC. 40. *Appropriations.* – The Chairperson of the PRC shall immediately include in the PRC's programs the implementation of this Act, the funding for which shall be included in the annual General Appropriations Act.

SEC. 41. *Transitory Provisions.* – The existing Board of Agriculture shall continue to function in the interim until the new Board has been constituted pursuant to this Act.

SEC. 42. *Implementing Rules and Regulations.* – The Board shall issue and promulgate the IRR within one hundred twenty (120) days from the effectivity of this Act, subject to the approval of the PRC and in consultation with the AIPO. The IRR shall take effect after fifteen (15) days following its publication in the *Official Gazette* or a newspaper of general circulation in the Philippines.

SEC. 43. *Separability Clause.* – If any clause, sentence, paragraph, or part of this Act shall be declared unconstitutional or invalid, such judgment shall not affect, invalidate, or impair any other part of this Act.

SEC. 44. *Repealing Clause.* – All laws, decrees, executive orders, memorandum orders, and other administrative issuances or parts thereof that are inconsistent with the provisions of this Act are hereby modified, superseded, or repealed accordingly.

SEC. 45. *Effectivity.* – This Act shall take effect fifteen (15) days after its publication in the *Official Gazette* or in a newspaper of general circulation.

Approved,

FERDINAND MARTIN G. ROMUALDEZ
Speaker of the House of Representatives

FRANCIS "CHIZ" G. ESCUDERO
President of the Senate

17

This Act was passed by the Senate of the Philippines as Senate Bill No. 2906 on January 27, 2025 and adopted by the House of Representatives as an amendment to House Bill No. 11186 on February 3, 2025.

REGINALDO V. VELASCO
Secretary General
House of Representatives

RENATO N. BANTUG JR.
Secretary of the Senate

Approved: MAY 29 2025

III. DRAFT Relevant Sections of the Implementing Rules and Regulations (IRR) of RA 12215

RA 12215: Implementing Rules and Regulations (IRR)

Rule 1	TITLE, DECLARATION OF POLICY, OBJECTIVES, AND DEFINITION OF TERMS
Rule 2	PROFESSIONAL REGULATORY BOARD OF AGRICULTURE
Rule 3	LICENSURE EXAMINATION AND REGISTRATION
Rule 4	PRACTICE OF AGRICULTURE PROFESSION
Rule 5	PENAL AND FINAL PROVISIONS

SECTION 3. Objectives:

3.1. The examination, registration, and licensure of agriculture practitioners;

3.2. The supervision, control, and regulation of the practice of the agriculture profession in the Philippines;

3.3. The development and upgrading of the Bachelor of Science (BS) Agriculture curriculum;

3.4. The development of the professional competence of registered agriculturists through Continuing Professional Development (CPD); and

3.5. The integration of the agriculture profession.

SECTION 4. Definition of Terms.

4.5. Agricultural extension and communication - *a development-oriented educational discipline that emphasizes systematic exchange, co-creation, and dissemination of agricultural knowledge to empower farmers, rural communities, and stakeholders. It is a form of non-formal, experiential learning that enables individuals and communities to improve agricultural practices and livelihoods, and connects research, policy, and practice to catalyze agricultural development and rural transformation. Its interdisciplinary foundation draws from agricultural sciences, communication theory, rural sociology, and development studies. It is pluralistic, demand-driven, and interdisciplinary;*

4.6. Agricultural research - *refers to research activities that contribute to the advancement of science, practice and technology of agriculture and its component systems. It deals with the development of technologies and recommendations to address the gaps of the sector through the conduct of applied and policy research programs. It focuses on the use of accumulated knowledge, theories, methods, and techniques toward technology and information generation/development, verification/validation, and impact assessment and/or evaluation.*

SECTION 4. Definition of Terms.

4.9. ***Agriculture-related degrees*** *-refer to the courses that have been authorized and defined by the Board for purposes of qualifying for the agriculturists licensure examination and registration without examination as agriculturists, such as* ***(BS) in Agriculture, BS in Agricultural and Applied Economics, BS in Agribusiness Management, BS in Agricultural Biotechnology, BS in Agricultural Chemistry and other agriculture-related courses that may hereafter be identified or recognized by the CHED and the Professional Regulatory Board of Agriculture****;*

4.10. ***Agri-entrepreneurship-*** *the process of identifying opportunities, mobilizing resources and creating new agriculture-related ventures or businesses;*

4.11. ***Agronomy*** *- is the science and practice of cultivating field crops and improving soil health for the production of food, fiber, and renewable fuel. Its key components include crop production, soil management, water management, pest management, sustainable practice, and research and innovation.*

SECTION 4. Definition of Terms.

4.12. ***Animal nutrition*** *- refers to the science concerned with the nutrient requirements of animals, including the processes of ingestion, digestion, absorption, metabolism, and excretion, and the application of such knowledge in formulating and providing balanced diets to ensure health, growth, reproduction, and production efficiency;*

4.13. ***Animal science*** *- a multidisciplinary field that focuses on the biological and behavioral aspects of animals, primarily domesticated species such as livestock (buffalo, cattle, horses, pigs, goats, sheep) and poultry, which encompasses the study of animal genetics, nutrition, physiology, reproduction, meats, health and management practices;*

4.14. ***Board*** *- refers to the Professional Regulatory Board of Agriculture created pursuant to RA No. 12215;*

4.15. ***Certificate of Registration (COR)*** *- refers to the document issued by Commission, through the Board, signifying that the person named therein has complied with all the legal and procedural requirements for such issuance, including in appropriate cases, passing the licensure examination;*

SECTION 14. Scope of Examination.

14.1. Applicants for registration as registered agriculturists shall be given a written examination. The scope shall include the six (6) foundation subjects as follows:

14.1.a. Crop Science;
14.1.b. Animal Science;
14.1.c. Soil Science;
14.1.d. Crop Protection;
14.1.e. Agricultural Economics/Agribusiness/Agri-entrepreneurship; and
14.1.f. Agricultural Extension and Communication.

14.2. The Board may re-cluster, re-arrange, modify, add to, or exclude any preceding subjects as the need arises to conform to technological and agricultural modernization, and the needs of the industry. These changes, if any, shall be communicated by CHED to schools, colleges, and universities at least one (1) year prior to their inclusion in the licensure examination.

SECTION 18. Registration without Examination.

18.1. An applicant, upon approval of the application and payment of the prescribed fees, may be registered as an agriculturist without examination if, to the satisfaction of the Board, an applicant proves that:

18.1.a. Is a graduate of a bachelor's degree in agriculture or agriculture related degrees, or any related baccalaureate programs from a school, college, or university established or recognized by the government; AND

18.1.b. Has served the agriculture industry in any technical capacity in the government or private sector for not less than five (5) years before the effectivity of Republic Act No. 8435, otherwise known as the "Agriculture and Fisheries Modernization Act of 1997", prior to the start of the Agriculturists Licensure Examination in 2003 pursuant to PRC Board of Agriculture Resolution No. 2, series of 2003, and prior to the creation of the Board of Agriculture, consistent with the provisions of Section 75 of the same Act. This service shall be certified in the service record if an applicant is a government employee and certified under oath by an authorized official of the firm, company, or corporation if employed in the private sector; or

SECTION 18. Registration without Examination.

18.2. Holders of a regular doctoral degree in Agriculture on any of the six (6) fields of specialization from a reputable university, either locally (CHED Center of Excellence or Center of Development in Agriculture) or abroad (included in the Top 500 universities based on the QS World University Rankings at the time of application), may apply for registration as agriculturists without examination from the Board; Provided, that such individuals must submit required documents on their educational attainment and show evidence that they have been active in the practice of agriculture. The Board may require presentation of the doctoral thesis and other evidence and achievements in agriculture.

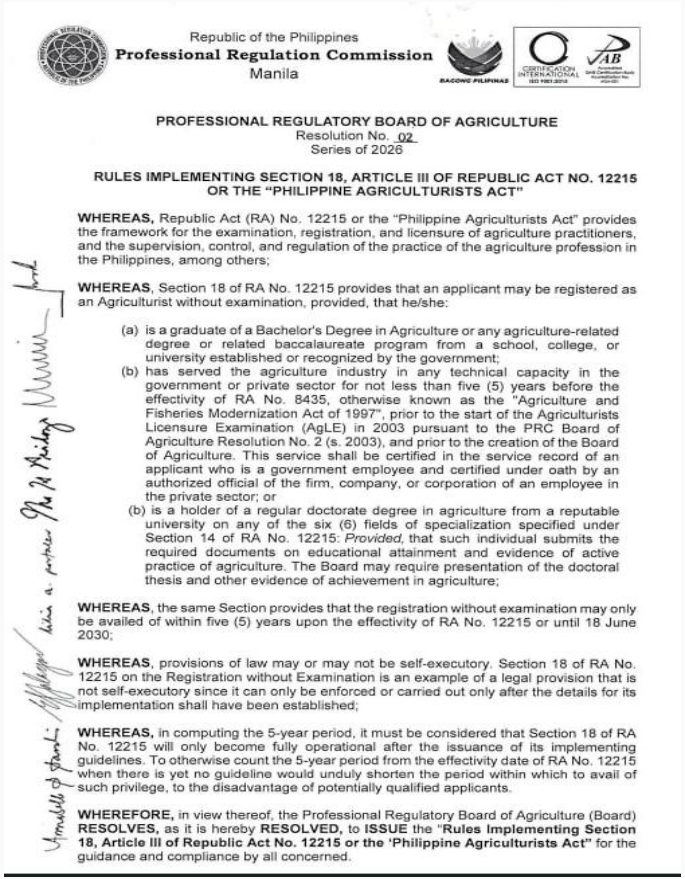

18.3. Registration without examination under this section may be availed within five (5) years from 2025 to 2030. All laws and issuances inconsistent with this provision are hereby repealed or amended accordingly.

18.4. Graduates of agriculture and agriculture-related degrees as defined in Section 4.10, and relevant baccalaureate programs, before 1998, may apply for registration without examination; and served the agriculture industry for at least five (5) years before 2003.

SECTION 18. Registration without Examination.

18.5. Notwithstanding Section 18.2, a regular doctoral degree refers to the mode of advanced education with a specified plan of coursework as one of the requirements for the completion of their doctoral degree.

Graduates of a PhD by research may apply for registration without examination, provided that the Board reviews and approves the submitted documentary requirements.

Republic of the Philippines
Professional Regulation Commission
Manila

PROFESSIONAL REGULATORY BOARD OF AGRICULTURE
Resolution No. 02
Series of 2026

RULES IMPLEMENTING SECTION 18, ARTICLE III OF REPUBLIC ACT NO. 12215 OR THE "PHILIPPINE AGRICULTURISTS ACT"

WHEREAS, Republic Act (RA) No. 12215 or the "Philippine Agriculturists Act" provides the framework for the examination, registration, and licensure of agriculture practitioners, and the supervision, control, and regulation of the practice of the agriculture profession in the Philippines, among others;

WHEREAS, Section 18 of RA No. 12215 provides that an applicant may be registered as an Agriculturist without examination, provided, that he/she:

(a) is a graduate of a Bachelor's Degree in Agriculture or any agriculture-related degree or related baccalaureate program from a school, college, or university established or recognized by the government;
(b) has served the agriculture industry in any technical capacity in the government or private sector for not less than five (5) years before the effectivity of RA No. 8435, otherwise known as the "Agriculture and Fisheries Modernization Act of 1997", prior to the start of the Agriculturists Licensure Examination (AgLE) in 2003 pursuant to the PRC Board of Agriculture Resolution No. 2 (s. 2003), and prior to the creation of the Board of Agriculture. This service shall be certified in the service record of an applicant who is a government employee and certified under oath by an authorized official of the firm, company, or corporation of an employee in the private sector; or
(b) is a holder of a regular doctorate degree in agriculture from a reputable university on any of the six (6) fields of specialization specified under Section 14 of RA No. 12215: *Provided*, that such individual submits the required documents on educational attainment and evidence of active practice of agriculture. The Board may require presentation of the doctoral thesis and other evidence of achievement in agriculture;

WHEREAS, the same Section provides that the registration without examination may only be availed of within five (5) years upon the effectivity of RA No. 12215 or until 18 June 2030;

WHEREAS, provisions of law may or may not be self-executory. Section 18 of RA No. 12215 on the Registration without Examination is an example of a legal provision that is not self-executory since it can only be enforced or carried out only after the details for its implementation shall have been established;

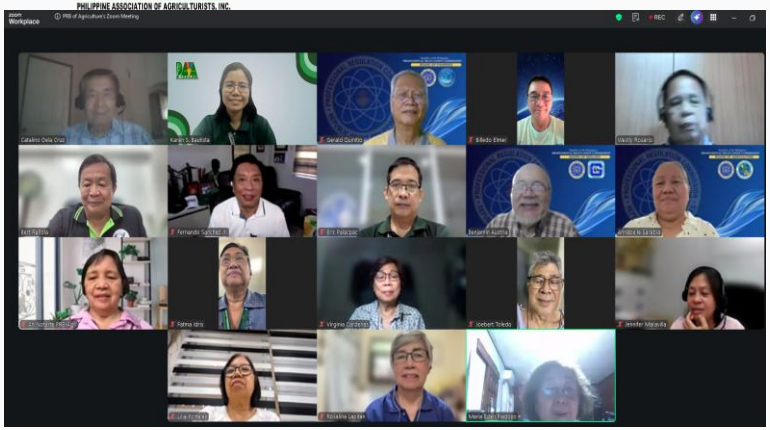

WHEREAS, in computing the 5-year period, it must be considered that Section 18 of RA No. 12215 will only become fully operational after the issuance of its implementing guidelines. To otherwise count the 5-year period from the effectivity date of RA No. 12215 when there is yet no guideline would unduly shorten the period within which to avail of such privilege, to the disadvantage of potentially qualified applicants.

WHEREFORE, in view thereof, the Professional Regulatory Board of Agriculture (Board) **RESOLVES,** as it is hereby **RESOLVED,** to **ISSUE** the **"Rules Implementing Section 18, Article III of Republic Act No. 12215 or the 'Philippine Agriculturists Act"** for the guidance and compliance by all concerned.

Professional Regulatory Board of Agriculture, Resolution No. 2: Rules Implementing Section 18 of RA 12215, series of 2026

Signed last July 21, 2026

Concerns/Comments	Feedback
SECTION 26. Scope of Practice of Agriculture.	
On Overlap with other PRLs *** Agricultural and Biosystems Engineering, Environmental Planning, Fisheries, Geology, Landscape Architecture, Veterinary Medicine** ● **Chemistry Law**—Suggestions that Registered Agriculturists be allowed in laboratories to conduct relevant laboratory testing/analysis for soils and feeds; ● Overlap in the **practice of Registered Agriculturists** and **Licensed Veterinarians**	**A Joint Circular of the PRC Board of Agriculture and Board of Chemistry to delineate the functions of registered agriculturists and chemists in the soils laboratory and <u>feeds laboratory</u>** **Delineated the scope of practice of RAgrs in animal health management and those for licensed veterinarian**

With the PRC- Board of Fisheries and Board of Geology and their AIPOs

With the PRC- Board of Landscape Architecture and Board of Environmental Planning and their AIPOs

With the **PRC-Board of Veterinary Medicine and Philippine Veterinary Medical Association (PVMA) (May 29, 2026)**

Concerns/Comments	Feedback
SECTION 26. Scope of Practice of Agriculture.	
On Overlap with other PRLs The statement under the Practice of the Profession: RULE IV, specifically regarding (a) animal health management and (d) disease management, should be elaborated upon to prevent any encroachment into the Professional Regulation Law (PRL) of Veterinary Medicine. **The responsibility for animal health and disease management lies solely with veterinarians. It is important to emphasize that the role of agriculturists is to assist veterinarians in this area or to work under the supervision of a veterinarian.**	**CLEARED (with PRB-VetMed)** **26.1.a.5.** Animal health management is a collaborative, science based, and ethically grounded practice that encompasses preventive care and production management, and **basic animal husbandry activities** performed by licensed/registered agricultural professionals **with clear boundaries that complex diagnostic and therapeutic procedures are reserved for licensed veterinarians** per RA No. 9268 (The Philippine Veterinary Medicine Act of 2004).

Concerns/Comments	Feedback
SECTION 26. Scope of Practice of Agriculture.	
On Overlap with other PRLs Furthermore, it should be noted that the Practice of the Profession for agriculturists should not be generalized. Completing only 6 units of a foundational subject is insufficient for engaging in a specialized field. For instance, a Licensed Agriculturist with a major in Crop Science should not automatically be considered qualified to work in the field of livestock or animal science.	**CLEARED (with PRB-VetMed)** **26.1.a.6.** The scope of animal health management for licensed/registered agricultural practitioners includes **routine care and production management**, **disease prevention, vaccination, and general animal production practices.** Provided that, **preventive animal health management, treatment and vaccination can be carried out by an agriculturist but has to be under the supervision of a licensed veterinarian.** **PRB-AGRI and PAA agreed on this comment of PRB-VetMed and PVMA**

SECTION 26. Scope of Practice of Agriculture.

26.1. The agriculture profession involves services consisting of crop and livestock and poultry production, processing, and distribution in both urban and rural areas that include the following:

26.1.a. Soil, crop, and animal health management;

26.1.a.5. Animal health management is a collaborative, science based, and ethically grounded practice that encompasses preventive care and production management, and basic animal husbandry activities performed by licensed/registered agricultural professionals with clear boundaries that complex diagnostic and therapeutic procedures are reserved for licensed veterinarians per RA No. 9268 (The Philippine Veterinary Medicine Act of 2004).

SECTION 26. Scope of Practice of Agriculture.

26.1.a.6. The scope of animal health management for licensed/registered agricultural practitioners includes routine care and production management, disease prevention, vaccination, and general animal production practices. Provided that, preventive animal health management, treatment and vaccination can be carried out by an agriculturist but has to be under the supervision of a licensed veterinarian.

26.1.b. Consultation, evaluation, investigation, and management services requiring the application of knowledge in agriculture and its components;

SECTION 26. Scope of Practice of Agriculture.

26.1.c. Preparation of plans, specifications, project feasibility studies and estimates, and other management services in the establishment and production of crops, raising livestock and poultry, landscape horticulture, and marketing agriculture products;

26.1.d. Research projects and studies in the areas of soil resources management, crop improvement, crop production, breeding of livestock and poultry, and animal and plant pest and disease management;

26.1.d.1. Considering that agriculture-related research is interdisciplinary in nature, technical personnel and experts from other disciplines can still perform research functions.

26.1.d.2. Researchers (permanent/contract of service/project-based staff) in the SUCs and private HEIs, agriculture research centers/institutions, and other government agencies who are not registered agriculturists, will still be allowed to perform research functions as long as the research program/project team leader or one of the members of the team is a registered agriculturist or as determined by respective agency research review board or in-house review committee.

SECTION 26. Scope of Practice of Agriculture.

26.1.d.3. ***Provided that, in the implementation of research projects and studies, registered agriculturists can conduct relevant laboratory testing/analysis of soils, crops, and inputs like feeds, fertilizers and other soil amendments; and interpret test results. A Joint Circular of the PRC Board of Agriculture and Board of Chemistry shall be prepared to delineate the functions of registered agriculturists and chemists in the laboratory analysis of agriculture-related matrices.***

26.1.e. ***Training and extension work in agricultural crop production, poultry, and livestock raising;***

26.1.e.1. ***Provided that, training and extension shall also cover marketing and financing related to crops, landscape horticulture, poultry and livestock production; provision of farm or business advisory services and facilitating innovation processes in the whole agri-food system.***

SECTION 26. Scope of Practice of Agriculture.

26.1.e.2. ***For the purpose of this IRR, trainings and extension services shall also cover demonstration services and Information and communication support services, as stipulated in Section 87 of the RA No. 8435 (Agriculture and Fisheries Modernization Act) .***

26.1.e.3. ***Agricultural extension service providers, resource persons, and agricultural extension workers in trainings related to the six (6) fields of specialization of agriculture shall be registered agriculturists. Those providing training and extension services who are not registered agriculturists such as farmers and government personnel, (who are accredited by the DA-Agricultural Training Institute), and have shown expertise, training and experience, shall be allowed to continue to perform this function under the supervision of a registered agriculturist or at least one member of the training team is a registered agriculturist.***

26.1.f. ***Management and marketing services related to agriculture as a business or industry. Provided that, these services should also cover agriculture cooperative management;***

SECTION 26. Scope of Practice of Agriculture.

26.1.g. Teaching agriculture subjects in schools, colleges, and universities established or recognized by the government; and

26.1.g.1. Team-teaching in core and major agricultural courses including collaborative course development shall be allowed wherein the lead faculty member is a registered agriculturist.

SECTION 26. Scope of Practice of Agriculture.

26.1.h. Employment in the private and government sectors where such employment requires the knowledge and expertise of a registered agriculturist.

26.1.h.1. A person shall be considered in the practice of agriculture if the nature and character of the work or employment require professional knowledge in agriculture as defined in Section 4.8, Article I of RA No. 12215. A person is also deemed to be in the practice of the agriculture profession if that person teaches any agriculture professional subject in a university, college, or school or engages in research in any agriculture-related research or extension.

26.2. The foregoing list notwithstanding, other activities, which now or hereinafter may require the application of knowledge, skills, training, and expertise in agriculture as may be determined by the Board, shall be deemed to be within the scope of the practice of agriculture and shall be governed by the provisions of RA No. 12215.

SECTION 26. Scope of Practice of Agriculture.

26.3. The Board, subject to approval of PRC, may add to or exclude from this section any activity or act of professional practice or revise it, as the need arises, to conform to changes and new developments brought about by the latest trends in Agriculture.

26.4. The Board may, after due consultations with the appropriate Boards and subject to the approval of the PRC, enter into a Joint Resolution and/or appropriate Memorandum of Agreement to clarify, delineate, or define the interface of the activities constituting their respective professional practices.

SECTION 27. Professional Title Appendage.

27.1. Only registered agriculturists, as herein defined, may append the title "Registered Agriculturist (RAgr)" to their names.

27.2. Unauthorized use of the professional title appendage shall be punishable under the penalties set forth in this Act. The PRC, in coordination with the Board, shall develop enforcement mechanisms to prevent title misuse.

SECTION 28. Prohibition Against the Unauthorized Practice of Agriculture Profession.

28.1. The Board may, after due consultations with the appropriate Boards and subject to the approval of the PRC, enter into a Joint Resolution and/or appropriate Memorandum of Agreement to clarify, delineate, or define the interface of the activities constituting their respective professional practices.

28.2. No person shall practice the agriculture profession in the Philippines or offer oneself as a registered agriculturist, or use the title, word, letter, figure, or any sign tending to convey the impression that one is a registered agriculturist, or advertise or indicate in any manner whatsoever that one is qualified to practice the profession unless the person has complied with all the requirements for registration, with or without examination, and a holder of a valid COR and PIC or a valid STP duly issued by the Board and the PRC.

Concerns/Comments	Feedback
SECTION 29. IRR of RA No. 12215. Not Affecting Other Professionals.	
The law includes a provision that faculty members teaching agriculture courses must be RAgrs. Hence, there is concern that the law may conflict with RA 9500 (the UP Charter), which upholds the university's autonomy and its authority to determine qualifications for teaching and research. Moreover, this is in relation to concerns affecting faculty staff and may limit the supply of faculty in universities.	To resolve issues on the possible impact on the supply of faculty members in universities, the IRR emphasizes that only the agriculture courses (six fields of specialization/foundation subjects) as defined in Sections 4.3 and 4.21 are required to be taught by RAgrs. Moreover, team teaching for core and major courses was allowed in Section 26.1.g.1. Further, there is a CHED MC No. 23, series of 2021, requiring all SUCs to require the teaching of agriculture courses by Registered Agriculturists. Five (5) years transition period was also included in the provision to allow faculty members to secure their licenses (disapproved by PRC last April 2026)

SECTION 29. IRR of RA No. 12215. Not Affecting Other Professionals.

29.1. This IRR of RA No. 12215 shall not be construed to affect or prevent the practice of any other legally recognized professions.

SECTION 31. Employment of Agriculturists in the Government.

31.1. National government agencies concerned with agriculture activities shall ensure that registered agriculturists fill all existing technical plantilla positions.

31.2. Registered agriculturists shall occupy all existing technical plantilla positions of provincial, city, and municipal agriculturist offices, including all agriculture technical positions therein.

31.3. For purposes of this IRR, a position is deemed to be technical when it primarily requires the professional knowledge and skills of a registered agriculturist based on the scope of practice provided on Sec. 26 of RA No. 12215.

31.4. All positions of faculty members of State Universities and Colleges (SUCs) and Higher Education Institutions teaching agricultural courses shall be occupied by registered agriculturists.

SECTION 31. Employment of Agriculturists in the Government.

31.5. Incumbent personnel occupying agriculture technical plantilla positions who have CSC-attested appointments prior to the effectivity of the RA 12215, shall be allowed to retain their posts until separation from service due to retirement, transfer, or resignation. They may be required, however, to undergo relevant bridging or CPD programs in agriculture.

31.6. The Board shall assist in developing Position Classification Standards for relevant agriculture technical plantilla positions in collaboration with the Civil Service Commission and other appropriate national and local government agencies.

SECTION 32. Salary.

32.1. The minimum base pay of registered agriculturists working in the national government, including the SUCs, shall not be lower than Salary Grade 13.

32.2. In line with the preceding paragraph, local government units (LGUs) are encouraged to increase the salary grade of their personnel, consistent with the governing principles, guidelines, and provisions of R.A. No. 7160 or the Local Government Code of 1991, subject to their financial capability .

32.3. However, LGUs with financial capability (based on the LGU classification of RA 7160) shall fully implement the provision of Section 32 of Rule IV.

32.4. Notwithstanding the provision in Section 31, when LGUs have limited funds to create Agriculturists positions (SG 13 and higher), existing agriculture-related technical plantilla positions shall be filled-up by registered agriculturists.

SECTION 33. Employment or Engagement of Agriculturists in the Private Sector.

33.1. Notwithstanding the provision in Section 31, when LGUs have limited funds to create Agriculturists positions (SG 13 and higher), existing agriculture-related technical plantilla positions shall be filled-up by registered agriculturists.

33.2. Private agricultural corporations shall employ or engage the services of registered agriculturists. All corporate farms, golf courses, agri-tourism, agri-related corporations or businesses, and other similar institutions or facilities involved in agriculture must employ or engage such number of registered agriculturists based on the scope of practice of the agriculture profession.

33.3. All faculty members of higher educational institutions teaching agricultural courses shall be registered agriculturists.

33.3.a. For faculty members teaching agricultural courses in HEIs, a transition period of five (5) years shall be provided to facilitate their admission to the Professional Agriculturists Licensure Examination.

SECTION 33. Employment or Engagement of Agriculturists in the Private Sector.

33.4. The following offices and establishments shall also employ or engage the services of at least one (1) or the required number of registered Agriculturists:

33.4.a. Corporate farms; Provided that, all relevant technical and management personnel at the superintendent and supervisory levels shall all be registered agriculturists;

33.4.b. Agri-tourism/farm tourism sites as defined in RA 10816, farm schools, DA-accredited learning sites on agriculture (LSAs);

33.4.b.1. Assessors for the accreditation of farm tourism sites, farm schools, and LSAs; and trainers and assessors of TESDA on NC I, II and III agriculture-related training courses shall be registered agriculturists. Provided that LSAs are further required to obtain a certification from the Agricultural Training Institute (ATI) that it is of good standing, and shall engage a registered agriculturist, through part-time, project-based, or consultancy arrangements.

SECTION 33. Employment or Engagement of Agriculturists in the Private Sector.

33.4.c. Agro-industrial firms or establishments, corporations and cooperatives engaged in crop, livestock and poultry production; propagation, establishment and maintenance of plants in nurseries and/or greenhouses (plant enclosures) and tissue culture laboratories, indoor and outdoor spaces, parks and other Agriculture endeavors;

33.4.c.1. Cooperatives whose assets qualify these under MSMEs, as defined in RA No. 6977 (Magna Carta for Small, Micro and Medium Enterprises), as amended by RA 8289 and further amended by RA 9501 otherwise known as the Magna Carta for Micro, Small and Medium Enterprises are required to hire registered agriculturists according to its operational requirement. Provided further that all relevant superintendent or supervisory positions supporting technical operation and extension work are registered agriculturists.

33.4.d. Financing and banking institutions engaged in providing credit and financial assistance on agribusinesses;

SECTION 33. Employment or Engagement of Agriculturists in the Private Sector.

33.4.e. Consultancy firms, foundations, civil society organizations/non-government organizations and other organized groups engaged in providing Agriculture-related services relative to the crop, livestock and poultry production, management and consultancy, training and extension, research and development, marketing, and soil and water conservation;

33.4.f. Agricultural supply establishments that sell feeds, supplements for livestock and poultry, and pesticides, fertilizers, and seeds;

33.4.f.1. Provided that pesticides shall be sold or dispensed only upon presentation of a valid prescription issued by a registered agriculturist.

33.5. The Board may, after due consultations with the AIPO and appropriate public and private sector industry stakeholders, and subject to the approval of the Commission, promulgate, clarify, delineate, review or define the operational details to ensure seamless industry compliance and practice in accordance with relevant provisions, specifically under Rule 4, Sections 26 and 33 of this law.

SECTION 36. Continuing Professional Development Program.

36.1. All registered agriculturists shall abide by the requirements, rules, and regulations on CPD to be promulgated by the Board and the PRC in coordination with the AIPO of registered agriculturists and the academe. For this purpose, a CPD Council shall be created to implement its program.

36.2. All CPD training programs shall ensure that courses and topics related to agriculture are handled by registered agriculturists, except if such courses or topics require the expertise of other professions.

36.3. The Board, AIPO, the Civil Service Commission (CSC), other concerned government agencies and industry stakeholders, shall formulate and implement the Career Progression and Specialization Program-Credit Accreditation and Transfer System (CPSP-CATS) for Agriculture in compliance with Article III, Section 12 of Republic Act No. 10912, PRC Resolution No. 1262, series of 2020, as amended by Resolution Nos. 1418, series of 2021 and 1642, series of 2023, PRC Resolution 2060, series of 2025 (Guidelines on the Credit Accumulation and Transfer System for Professionals Towards Career Progression and Specialization Programs), and succeeding PRC Resolutions on CPSP-CATS.

SECTION 37. Use of Seal.

37.1. All registered agriculturists shall abide by the requirements, rules, and regulations on CPD to be promulgated by the Board and the PRC in coordination with the AIPO of registered agriculturists and the academe. For this purpose, a CPD Council shall be created to implement its program.

37.2. Every registered agriculturist shall obtain a seal of such design as the Board shall adopt and approve, which shall be affixed to or impressed upon all documents, records, papers, and instruments prepared by or under the direct supervision of or issued by the registered agriculturist. The registered agriculturist shall use the seal only during the validity of the license on the following:

37.2.a. Agriculture-related technical specifications, plans (production plans, landscape horticulture plans, agribusiness plans), production forecast, and site assessment report for farms and gardens excluding land surveys and other planning for other built environment professions;

37.2.b. Fertilizer recommendation, nutrient solutions, and feeds formulation report;

37.2.c. Prescriptions for pesticides;

SECTION 37. Use of Seal.

37.2.d. Assessment and validation report on compliance to quality standards and technical regulations such as, but not limited to, organic certification, good agricultural practices (GAP), good animal husbandry practices (GAHP), pest control, among others;

37.2.e. Training designs and activity reports on technical agriculture and training programs, including but not limited to those required by the Department of Agriculture for permits, accreditations, and continuing professional development of registered agriculturists;

37.2.f. Assessment report for the issuance of certificates for the storage of agricultural chemicals and inputs such as fertilizers, pesticides, seeds, vaccines, and feeds with a certain volume threshold;

37.2.g. Supporting papers for the issuance of Domestic Clearance, Export and Import Documents (Sanitary and Phytosanitary Import Clearance) and other quarantine-related documents issued by BPI and BAI; and

SECTION 37. Use of Seal.

37.2.h. Soil survey reports, crop suitability maps, strategic agriculture and fisheries development zones (SAFDZ) maps, and other thematic maps

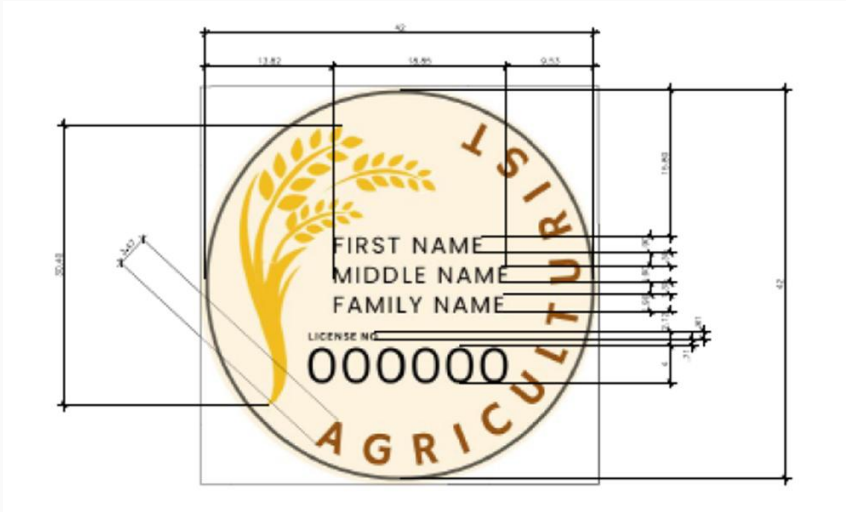

37.3. The seal of Registered Agriculturists (RAgr) shall be circular with a 42mm diameter drawn with an inscribed circle containing the information of the RAgr and the word "AGRICULTURIST" circumscribed inside the circle. Inside the circle is a rice plant that wholly symbolizes the Philippine agricultural sector, constituted by the integrated disciplines of Crop Science, Soil Science, Crop Protection, Animal Science, Agricultural Economics/Agribusiness/Agri entrepreneurship, and Agricultural Extension and Communication. Further, three panicles represent the three major island groups of the Philippines: Luzon, Visayas, and Mindanao, where RAgr serves and practices the profession.

37.4. The name of the RAgr must be displayed adjacent to the rice plant, written in capital letters. It should be arranged in three rows, corresponding to the first name, middle name, and last name of the RAgr Below the name, the license number of the RAgr should be written.

SECTION 37. Use of Seal.

37.5. Additionally, any document that RAgr signs or issues related to the practice of the profession must include the original date of registration and the expiry date of the license.

37.6. The Board and the Philippine Association of Agriculturists, Inc. shall issue guidelines for the use of the seals.

SECTION 37. Use of Seal.

37.7. Moreover, the dates of issuance of the COR and PIC, date of expiry of the PIC, and COR/PIC number shall be indicated by the Registered Agriculturists in any document that he/she signs or issues in connection with the practice of the profession.

37.8. The Board shall issue the pertinent guidelines on the use of seals.

SECTION 38. Vested Rights: Automatic Registration of Agriculturists.

38.1. All agriculturists registered when RA No. 12215 takes effect shall automatically be recognized as registered agriculturists.

PENAL AND FINAL PROVISIONS

Concerns/Comments	Feedback
SECTION 39. Penal Provisions	
• Stipulate in the IRR that farmers and incumbents performing the functions of RAgrs will not be penalized • Provide appropriate enforcement mechanisms on the penal provisions	Retained provision. Provisions allowing farmer and incumbents to be engaged in the practice of agriculture profession is included in Sections 29, 31, and 33. The enforcement mechanisms will be detailed in Joint Memo Circular between PRC and DILG.

SECTION 39. Penal Provision.

39.1. Any violation of RA No. 12215, this IRR, Code of Ethics and Code of Technical Standards or other regulatory policies of the Board and the PRC shall be meted the penalty of a fine of not less than One hundred thousand pesos (Php 100,000.00) or more than Five hundred thousand pesos (Php 500,000.00), or imprisonment of not less than six (6) months or not more than six (6) years, or both, at the discretion of the court.

39.2. Officers of government agencies and private establishments, including sole proprietors, consulting firms, associations, and organizations responsible for any such violation shall be held equally liable under this IRR and other laws as the circumstances warrant.

SECTION 40. Appropriations.

40.1. The Chairperson of the PRC shall immediately include in the PRC's programs the implementation of RA No. 12215, the funding of which shall be included in the annual General Appropriations Act (GAA).

SECTION 41. Transitory Provisions.

41.1. The existing Board of Agriculture shall continue to function in the interim until the new Board has been constituted pursuant to RA No. 12215.

SECTION 42. Separability Clause.

42.1. If any provision, section, or part of this IRR shall be declared unconstitutional or invalid, such judgment shall not affect, invalidate, or impair any other provisions, sections, or parts hereof, but shall be merely confined to the provision, section, or part thereof that is directly involved in the issue upon which such judgment has been rendered.

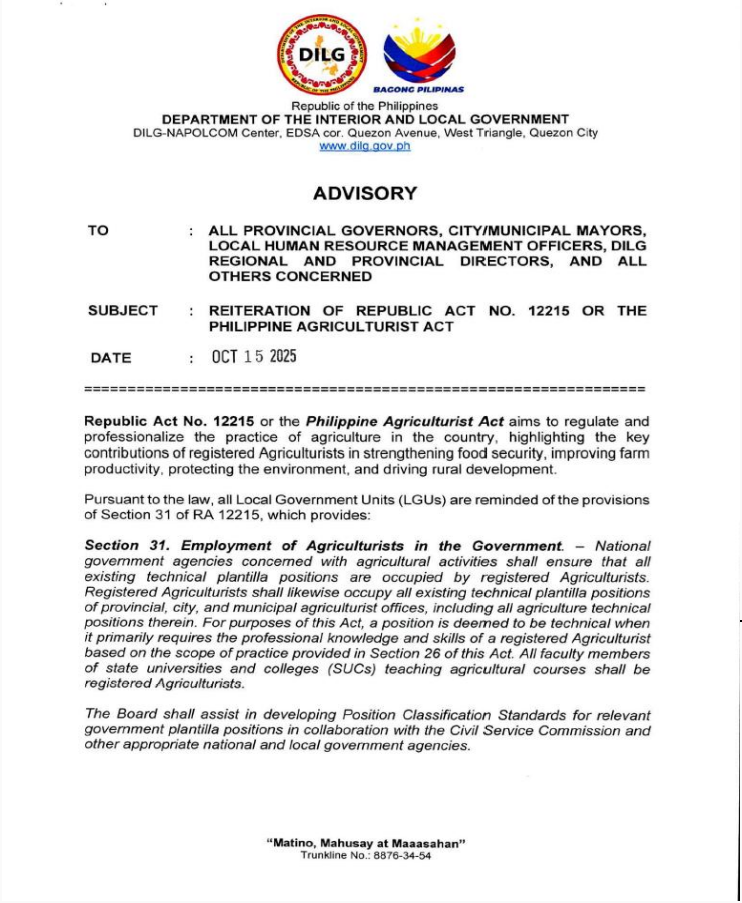

SECTION 43. Repealing Clause.

43.1. All laws, decrees, executive orders, memorandum orders, and other administrative issuances or parts thereof that are inconsistent with the provisions of RA No. 12215 are hereby modified, superseded, or repealed accordingly.

SECTION 44. Effectivity.

44.1. This IRR shall take effect after fifteen (15) days following the completion of its publication in the Official Gazette or in any newspaper of general circulation in the Philippines.

ADVISORY

TO : **ALL PROVINCIAL GOVERNORS, CITY/MUNICIPAL MAYORS, LOCAL HUMAN RESOURCE MANAGEMENT OFFICERS, DILG REGIONAL AND PROVINCIAL DIRECTORS, AND ALL OTHERS CONCERNED**

SUBJECT : **REITERATION OF REPUBLIC ACT NO. 12215 OR THE PHILIPPINE AGRICULTURIST ACT**

DATE : OCT 15 2025

Republic Act No. 12215 or the ***Philippine Agriculturist Act*** aims to regulate and professionalize the practice of agriculture in the country, highlighting the key contributions of registered Agriculturists in strengthening food security, improving farm productivity, protecting the environment, and driving rural development.

Pursuant to the law, all Local Government Units (LGUs) are reminded of the provisions of Section 31 of RA 12215, which provides:

Section 31. Employment of Agriculturists in the Government. *– National government agencies concerned with agricultural activities shall ensure that all existing technical plantilla positions are occupied by registered Agriculturists. Registered Agriculturists shall likewise occupy all existing technical plantilla positions of provincial, city, and municipal agriculturist offices, including all agriculture technical positions therein. For purposes of this Act, a position is deemed to be technical when it primarily requires the professional knowledge and skills of a registered Agriculturist based on the scope of practice provided in Section 26 of this Act. All faculty members of state universities and colleges (SUCs) teaching agricultural courses shall be registered Agriculturists.*

The Board shall assist in developing Position Classification Standards for relevant government plantilla positions in collaboration with the Civil Service Commission and other appropriate national and local government agencies.

DRAFT

Republic of the Philippines
Professional Regulation Commission
Manila

13 October 2025

DIR. SHEILA G. ACUÑA
Director III
Human Resources and Policy Standards Office
Civil Service Commission
IBP Road Batasan Hills, 1126 Quezon City

Dear **Director Acuña:**

Greetings of peace!

We would like to acknowledge receipt of your response letter dated October 9, 2025, regarding the on-going review on the amendment of the CSC MC No. 01, s. 2013 to ensure conformity with the provisions of R.A. No. 12215 and its Implementing Rules and Regulations (IRR). Likewise, we express our sincere gratitude to CSC for recognizing that the provisions of R.A. No. 12215 shall prevail and shall be observed in the filling up of Agriculturist plantilla positions in government, notwithstanding the absence of the amended Qualification Standards (QS), thereby implicitly revoking the existing eligibility requirement stipulated in the CSC MC No. 1, series of 2013.

We reviewed the Index of Occupational Services, Occupational Groups, Classes and Salary Grades, CY 2022 Edition Agricultural Development Group under the Agrarian, Agricultural and Environmental Service in the Department of Budget and Management Budget Circular No. 2022-2, dated 5 April 2022. May we request the inclusion of Farm Superintendent I, II and III as well as the following plantilla positions under the Fiber Development Group: Fiber Development Officer I, Fiber Development Officer II, Senior Development Officer, Supervising Fiber Development Officer and Chief Fiber Development Officer. These plantilla positions could be found in the Department of Agriculture-Philippine Fiber Development Authority.

Moreover, we examined the Index of Occupational Services, Position Titles and Salary Grades in the Local Government (IOS-LGU), CY 2021 Edition, considering that there are several agriculture-related technical Plantilla positions in the Local Government Units (LGUs). Based on our consultation meeting with agriculture stakeholders, the following executive positions should also be included: Municipal Government Assistant Department Head I and II (*Assistant Municipal Agriculturist I and II*); Municipal Government Department Head I and II

- **Revocation of CSC MC No.1, series of 2013**
- **Issuance of Revised Qualification Standards for Agriculturists Plantilla positions**

Revised Qualification Standards for Agriculturist Plantilla Positions was submitted to CSC, passed the Human Resources Policy and Standards Office, and currently undergoing CSC review at the Commission Level

Thank you
